

On-line (Virtual) Classes

Bluemont Training is pleased to announce our On-line (virtual) training classes. Now instead of having to find a date and location that is convenient for you to travel to, and the associated expenses with traveling, you can now take a class within the confines of your home or office as long as you have a broadband connection. On-line courses will be priced right. Your cost savings will be reaped since there will be no travel expenses associated with these classes. What is a virtual class? A virtual class is an on-line class held over the internet instead in a physical classroom at some location. Bluemont Training will be offering two types of virtual classes:

- A course or program which will run over a number of days, like a brick-and-mortar class.
- Occasional shorter classes or programs on specific topics.

WE ARE CURRENTLY UPDATING OUR ONLINE TRAINING SCHEDULE

There is a special discount for attendees from the same organization registering for the same course. Please contact us here for specific details. If the course you are looking for is not listed, please contact us here. Bluemont Training is pleased to be at the forefront of training technology. We reserve the right to refuse registration and admission to any person without assigning any reason.
